

Regulatory Specialist

Bluestar Engineering Ltd. is a Calgary based EPCM company specializing in small to medium size oil and gas projects. We are a group of professionals who form a fully integrated, multi-disciplinary organization backed by many years of experience.

We are currently seeking a Regulatory Specialist to join our team.

Duties and Responsibilities:

- Prepare and submit compliant pipeline and facility regulatory applications to the applicable organization in a timely manner.
- Request clarifications from regulatory agency staff for interpretations, guidance or any other assistance.
- Maintain effective relationships and open dialogue with Project Managers and Project Engineers to ensure regulatory inquiries are handled with minimum project delays.
- Update the regulatory database of projects, clients and permits submitted.
- Develop and manage effective processes to manage and close regulatory obligations, deficiencies and non-compliance.
- Organize Bluestar's regulatory and environmental library in areas such as government correspondence, industry standards and practices and engineering design and construction codes.
- Remain current with oil and gas legislation, environmental regulations, public expectations and regulatory requirements.
- Attend where required applicable seminars or courses and ensure relevant updates are passed on to all engineering staff.
- Other tasks as required.

Requirements:

- Post secondary education in engineering, policy, environmental or similar field.
- 7+ years of applicable regulatory experience within an EPCM setting.
- Possess in-depth knowledge of Alberta Energy Regulator, National Energy Board, Saskatchewan Energy and Resources legislation and regulations, and BC Oil & Gas Commission legislation and regulations.
- Strong written and verbal communication skills.
- Personable and able to work with a team in a multi-disciplinary environment.
- Ability to adjust to change and multitask in a fast-paced setting.

Suite 2400, 605 5th Avenue SW
Calgary, AB. T2P 3H5
Telephone: (403) 366-6776

Please be advised that Bluestar Engineering Ltd. is an equal opportunity employer and only applicants who are selected, will be contacted to schedule an interview.
